

Upward Bound 5th Street Express

Drop in Center for people coping with mental illness.

Do you struggle with mental illness? You are not alone. Approximately 1 in 5 adults* struggle with some form of mental illness. You do not have to be alone in your struggle. At the Drop in Center you can meet with other people with similar struggles who support each other in a safe and caring environment. We are not a counseling or therapy service. Just a place you can go and engage in different activities and associate with people with similar struggles.

Our Drop in Center.

Coping with a mental illness?

You are not alone!

Upward Bound is a mental health drop in center where you can come and meet people who, like your self are coping with mental illness.

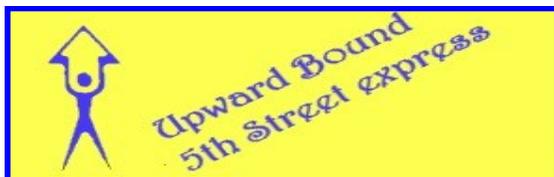

Apply for membership today.

The Drop in Center is a non-profit organization for mental health consumers run by mental health consumers. We have a board of directors made up of members who set general policies and plan and organize activities. All members are welcome to participate in the board meetings.

Not only is the Drop in Center for you, you can be a major contributor to its direction and its success.

Some of the things we can offer

We have a large selection of craft and art supplies.

We have a van for transportation.

We often go to major sporting events.

We go on trips to different and interesting locations.

We participate in large gatherings with the South Central Community Based Initiative.**

We have a kitchen and weekly meals.

We have our own website.
<http://5thstreetexpress.sccbi.info>.

We have a safe environment to just hang out and relax.

We have a large screen TV.

We have video games.

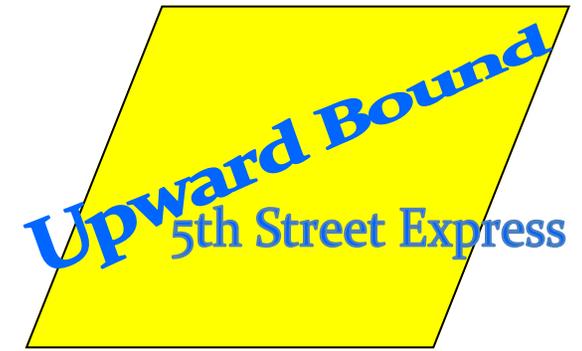

We have a library with DVDs.

We have computers with internet.

We have a place for you.

And much more.

We are funded by the South Central Community Base Initiative** who receives an annual grant from the State of Minnesota to serve the mental health needs in a 10 county region.

In addition to our activities we provide information and help accessing community, county and state resources for mental health consumers in the area. We can answer questions on what resources are available and how to access them.

We have much to offer you and believe you have much you can offer us. Together we can help reduce stigmatism regarding mental health and help each other in the recovery process.
